How the Offer works

This Offer provides you with \$20 off your monthly plan fee for 6 months from the date you sign up and remain on any Superloop NBN Plan. This is applied by Superloop at the time of signup and the monthly \$20 discount will automatically be deducted from your first, second, third, fourth, fifth and sixth-month invoice. For the seventh, eighth and remaining months of your service Superloop will bill you the monthly fee applicable to the service you selected at the time of signing up. This amount is set out in our Critical Information Summary and Pricing Schedule available at: <https://www.superloop.com/legal/critical-information.html>

All other charges, including, upgrades, additional data packs, or other internet services and all installation, and other charges for non-standard installation will continue to apply. This Offer may only be used once per customer and premises. The Offer is non-transferable, cannot be used with any other special offer or promotion and cannot be redeemed for cash.

This Offer is not available in all regions or for all service types and does not apply to NBN Sky Muster or Fixed Wireless services, or business services.

Plan changes & cancellations

If you change your Superloop NBN Plan, then the \$20 discount will be removed from the monthly internet service charge. The price of the monthly internet service charge will return to the minimum monthly charge set out in our Critical Information Summary (CIS).
